### PROFILE

Isle of Man based Robert Fagg started co-driving in 2000. It was the following year he would team up with **George Collister** and during a 5-year spell he would win the *Manx Stage Rally* (2003) and *ANCRO Clubman's* (2004) championship titles.

Main highlight in Rob's career so far has been the call up to partner former Production World Rally Champion driver **Martin Rowe** in a semi-works Mitsubishi Lancer Evo VIII in the *Chinese National Rally Series*. The pair have already made an impact with a podium finish on there first outing together.

The 2005 season would also see Rob team up with Shropshire driver **James Wozencroft** in a partnership that would see them dominate and win the inaugural *British Rally Championship (BRC) Stars of the Future Series* with five wins from five starts in a Suzuki Ignis 1400.

The final round of the 2005 *British Rally Championship* also saw Rob make his Super 1600 debut in a Suzuki GB backed Ignis S1600. James and Rob would also achieve success in the *BTRDA Silkolene 1400 Championship* with victories on the opening three rounds. Unfortunately due to clashes between the two championships they were unable to challenge for the BTRDA title.

Closer to home in Port Erin, the 2005 Manx International Rally was to be the setting for Rob's full International debut. Teaming up with local ace **Rob Watson**, the pair would finish 8<sup>th</sup> Overall and 2<sup>nd</sup> in Production Class despite a late challenge for class honours on the works Mitsubishi of Rory Galligan.

From early in Rob's rallying years he has participated in recce's and pace note making. This had been mainly on tarmac until late in 2005 when he gained valuable further experience working with Martin Rowe on gravel events in China.
